# Product Data Sheet

**NOTE:** The information in this publication is the result of careful testing in our laboratories, complemented by selected literature. It does not in any way constitute a guarantee, nor does it serve as a license to operate any patent. Due to widely varying conditions of product use, which are beyond our control, it is strongly recommended that the product be tested for suitability. Product typical properties in this publication are current as of February 1, 2011.

## High Temperature Chain Lubricant

### CO-101 FG

*Summit CO-101 FG chain lubricant is specially blended for food handling conveyers, monorails and sterilization equipment. It is fortified with advanced anti-wear agents which reduce chain/conveyor wear, resulting in reduced maintenance and prolonged life. The superior corrosion prevention package makes **Summit CO-101 FG** chain lubricant ideal for use in humid environments. In addition, the viscosity of this product is suitable for use in automatic spray applicators and lubrication systems.*

### Physical Properties

PRODUCT	CO-101 FG
Appearance	Clear/Water White
Odor	Mild
Viscosity	
@ 40°C, cSt	5.62
@ 100°C, cSt	1.80
Specific Gravity	0.8103
Density	6.7482
Flash Point, °F (°C)	225 (107)
Fire Point, °F (°C)	255 (124)
Pour Point, °F (°C)	-51 (-46)
