CITGO Introduces New Hi-Tech Grease SynDurance[®] Premium Synthetic 460

CITGO has launched a new grease called SynDurance Premium Synthetic 460 Grease. This new grease is unique to the marketplace because it targets both industrial and fleet applications. By taking into account the most severe operating conditions of steel mills to the tough pounding of heavy duty fleets on the highways, CITGO has developed a grease with unparalleled performance. Signature design features of SynDurance Premium Synthetic 460 Grease include excellent pumpability in very cold conditions, heavy duty load carrying capability and automotive service classification of GC-LB. These hi-tech features reduce inventory, extend service intervals and reduce costs providing superior solutions to all this and more.

CITGO SynDurance[®] Premium Synthetic 460 Grease

Features and Benefits
